

# Meeting Agenda

Group meeting for The Grupp.

Participants: Sebastian, Eric, Alexander.

Date: 16/4-2018

## 1 Objectives

- Discuss progress since last meeting.
- Create and assign tasks.

## 2 Reports

While implementing Buttons, a structure handling window models have been created. Textures can be loaded following the instructions in a model. Clicks are also now handled and may load new view. A gitignore file has been added. Everyone can run latest version of the program.

The work on the RAD is not complete yet, work continues.

## 3 Discussion Items

- Issues with gitignore.
- Issues with file pathing for UNIX.
- Task assignments.
- Altering class names to better describe purpose.
- Further project structure improvements.
- Refining the MVC structure of our program

## 4 Outcomes and Assignments

### Outcomes:

- UNIX pathing problem fixed.
- The group plans to discuss MVC in relation to our program with Joachim on Thursday.

### Assignments:

- Alexander will start creating character, terrain, enemy, and such models.

- Eric will continue work on the RAD, focusing mainly on use cases.
- Sebastian will clean up the git repo and assist with the RAD.

## **5 Wrap Up**

The group will meet again on Wednesday at 10:00 and plan to implement a domain diagram and sequential diagram based on a more complete RAD.
